

CRIS

Two person high bed

Safety standards

- In accordance with the safety standard EN-747-1:2012+A1:2015 (load up to 90 kg per one sleep level)
- Paints certified to EN 71-3: 2019
- Production based on raw material having FSC 100% certificate
- Fixed barrier included in the price of the bed
- Legs construction - 40x40 makes all the products more stable and safe
- No sharp edges or burrs, accessories as ladders are not interfering with useable area of the tread

Additional arrangements

- Guaranteed durability thanks to method of spray painting all the beds three times with water-based paints
- Most of production being done handmade by cautious workers, making all the work top quality and free from defects
- Carefully packed products, delivered on palets, packed in thick, five-waved cardboard and secured with foam

Color types:

1. Pine (varnished or non varnished)
2. Gray
3. White
4. Graphite
